Don't file it----HANG IT!

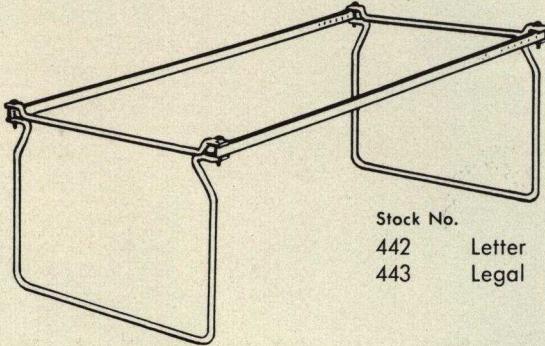

in Oxford PENDAFLEX® hanging folders

Whether your filing is a part-time job for a stenographer, or a complex department operation with a score of clerks devoting full time to it, Oxford Pendaflex hanging folders will do the work better and faster, reduce misfiling, and lower operating costs.

No new filing cabinets needed. A simple frame fits in any filing cabinet drawer and the Pendaflex folders hang on the frame. That's all there is to it. You are ready to make big dollar savings in the filing department by cutting an amazing slice out of the time it takes to file. In the small department, the time of your personnel is released for additional productive work. In the large department, the filing staff can be reduced, with savings that often run into thousands of dollars per year!

Try Pendaflex in one drawer. A trial installation, money back if not satisfied, will prove the value of Pendaflex. Order the one-drawer A-Z system shown below, and be convinced.

Oxford ROL-LABELS

54 Oxford Filing Supply Co. Inc.
Garden City, N. Y.

The headings on your filing folders should be clearly typewritten, instead of a puzzle in penmanship.

Filing folders won't fit in the standard size typewriter, but you can type headings on Oxford gummed Rol-labels, moisten the backs, and stick 'em over the folder tabs.

Rol-labels unwind from the box as you type, and there are 250 labels before you come to the end.

8 colors: White, Buff, Blue, Salmon, Cherry, Green, Canary and Manila. Wonderful for color indexing, or just plain dressing up the file.

Ideal also for all general labeling uses.

* These files furnished with divider strip for 2 row filing. Double width forms may be filed merely by discarding the divider or placing it at the side to take up any excess width.

HERE'S A HANDSOME, counter-high unit of six low-cost Oxford transfer files, in perfect taste for front office use.

With steel bases and follow block they often are used for semi-current filing.

Good looking, and rugged, too! High test (275 lb.) non-fading green fiberboard is reinforced with steel. Steel Front model illustrated has beautifully finished green steel drawer front. A lower cost, but equally sturdy model is the Steel Clad File, with green fiberboard drawer front.

Ask for our prices in larger quantities for equipping your entire transfer filing department. Files also sold singly in 12 sizes.

For prices see back page of this catalog.

Economy Style TEN DRAWER *Oxford* STANDARD FILE UNITS

If you need a lot of filing drawers at lowest cost, get Standard Files. Sold singly, or in 10-drawer units, which quickly assemble into the bank of files illustrated, which provide room for several thousand folders of transferred correspondence.

In the ten-drawer check size, you can store more than 20,000 cancelled checks. Floor space required is only 20" x 25".

USE LEGAL SIZE for HOME CLOTHING STORAGE

Store out-of-season clothing, blankets, etc., in the attic in big legal size Oxford Standard Files. Sprinkle moth repellent flakes in each drawer.

TWELVE SIZES

Oxford Standard Files are made in sizes for all commonly used forms. Packed knocked down, ten drawers to the carton. Conveniently stored until needed, then set up in a jiffy.

For prices see back page of this catalog.
